

## **Who are we?**

### **Our mission ...**

LANDTIME has started to operate in February 2007 aiming to develop and apply programs to children between 6 and 12 years old. As we have progressed on developing such programs we have also started programs for adults, particularly focused on parents and professionals in the education field.

Our programs contribute to develop children skills and personality and compliment the existent curriculum seeking parent's participation in their educational process.

We think education as a whole process, valuing creativity and all forms of expression, likewise knowledge.

We are proud about the values we pursue of responsibility, honesty, innovation and quality.

### **Our team ...**

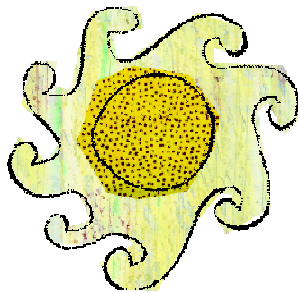

Our team is composed by different subject matter experts in different fields from management and education (Teachers, Cultural Animators, etc).

## Our educational programs “eu sei MAIS”

“eu sei MAIS enriquecimento extracurricular” is a LANDTIME portuguese trade mark. in INPI (portuguese trade mark authority).

The programs “eu sei MAIS” are registered in IGAC/Ministry of Culture with the number xxxxx

## **Our services ...**

LANDTIME provide services in different areas:

- We develop programs for children based on different methodologies such as education by art, games, etc
- Monitor programs after curricular time in schools (public or private) for children between 6 and 12 years old
- Monitor entertainment programs in public and private places which aim to enrich personal, intellectual and artistic development, using fun methods...
- Specific adults programs

## **Scholl programs**

“eu sei MAIS” programs are composed by six themes. Three are already available:

- eu sei MAIS Communication (versions 6 to 8 years old and 8 to 10 years old)
- eu sei MAIS Citizenship and Environment (versions 6 to 8 years old and 8 to 10 years old)
- eu sei MAIS Maths (versions 6 to 8 years old, 8 to 10 years old and 10 to 12 years old)

the remaining themes are under development:

- eu sei MAIS First aid
- eu sei MAIS Safety
- eu sei MAIS Portuguese

“eu sei MAIS” programs can be used in different arrangements depending on request:

**Yearly Programs**

- 33 sessions of 45 minutes (school calendar)

**Quarterly Programs**

**Holiday programs**

- Carnival, Easter, Christmas and Summer season

**Workshops**

- We can also run workshops in specific subjects within the content of each of the themes any time is requested

**Eu sei MAIS - Themes summary**

**eu sei MAIS Communication**

Communication between human beings is a complex process which allows exchanging of information among people and objects. Once we think about this we find unlimited ways of communication which will be explored through our activities.

Eu sei MAIS Communication is organised through the following modules:

- 1- Communication components
- 2- Communication forms

- 3- Communication and Technology
- 4- Intercultural communication

### **eu sei MAIS Citizenship and Environment**

The education to citizenship contributes to build the identity and develop a civic conscious in children.

We aim to educate individuals which in future are conscious of their duties and their rights and which recognize themselves as part of a society under permanent evolution.

The education for environment aims to promote attitudes and behaviors that value and respect environment.

This learning is acquired by being in touch with natural elements knowing more about nature.

eu sei MAIS Citizenship and Environment program is organized with the following modules:

- 1. Values and personal and social development**
- 2. Social organisation**
- 3. Freedom and Human rights**
- 4. Diversity**
- 5. Environment**
- 6. Health**

### **eu sei MAIS Maths**

Maths has a practical application in children's life.

We want to see this understood in an approach to the logical-mathematic processes and by using a fun set of activities.

eu sei MAIS Maths program is organized with the following modules:

- 1. Structure material (adaptation to the materials to be used, composition of odd and even numbers)**
- 2. Arithmetic and calc (operations)**
- 3. Geometry (geoplan, tangrams)**
- 4. Measures (length, mass, capacity and time)**
- 5. Statistic and probabilities**

## **Programs to companies**

- The programs and workshops “eu sei MAIS fun & learn” were developed based on the themes already available and for children ageing between 6 and 12 years old to be used in public or private places
- The Programs and Workshops “eu sei MAIS fun & learn” available are
